**UN Manual of Test 38.3**  
DURACELL® 123 (DL123A, 2/3A) Lithium Battery

January 10, 2013

To Whom It May Concern:

The DURACELL® 123 (DL123A, 2/3A) lithium manganese dioxide battery has been tested in accordance with the United Nations Manual of Tests and Criteria, Part III, subsection 38.3. We hereby certify that the product meets the requirements of the tests in the Manual of Tests and Criteria as stated below.

|                            |                                       |
|----------------------------|---------------------------------------|
| T1: Altitude simulation    | Pass                                  |
| T2: Thermal test           | Pass                                  |
| T3: Vibration              | Pass                                  |
| T4: Shock                  | Pass                                  |
| T5: External Short Circuit | Pass                                  |
| T6: Impact                 | Pass                                  |
| T7: Overcharge             | N/A – for rechargeable batteries only |
| T8: Forced Discharge       | Pass                                  |

Sincerely,

1/10/2013
